

WISH'S FRONTLINE WARRIOR

Doctor Ruchika Singh:
Born to Serve

Since the COVID-19 pandemic hit India, WISH, with the support of CDAC Mohali, has been providing capacity building trainings to the doctors in all 51 districts of Madhya Pradesh. Dr. Ruchika Singh is one of them

Dr. Ruchika Singh is posted at Bilkisganj Primary Health Center in District Sehore, Madhya Pradesh. Looking at the dire situation of home-isolated COVID-positive patients, Dr. Singh took the lead in providing treatment through teleconsultations. She followed the eSanjeevani OPD guidelines issued by the Madhya Pradesh government.

Medical service is not only her profession, it is Dr. Singh's passion. She went beyond her call of duty, taking extra time and patience to also provide mental health support to the patients and their families during their difficult time.

She is a prime example of combining passion with technology for the greater good. She is a hero for her community, a messiah for her patients, and pride of the nation.
